01 FC:1806 Commissioner for Patents
Washington, D.C. 20231

Sir:

As was discussed in a telephone conference with the Examiner on December 19, 2002, the Examiner was unable to consider the Information Disclosure Statement that was previously submitted to the Patent Office on August 9, 2002 because the hard copies of the cited references were apparently lost by the Patent Office and not provided to the Examiner. To allow the Examiner to consider the Information Disclosure Statement, the Applicants are respectfully submitting herewith the previously-submitted PTO Form 1449 as well as copies of each of the cited references.

Because the earlier submission was lost through no fault of the Applicants, the Applicants respectfully submit that no fee is due for the providing of these documents to the Patent Office. However, the Commissioner is hereby authorized to charge any

additional fees due or to credit any overpayment to deposit
account no. 17-0055.

The Applicants wish to remind the Examiner that, of the art
cited, the first grouping of U.S. patent documents, first
grouping of foreign patent documents, and first grouping of other
prior art/non patent literature documents are likely to be the
most relevant documents.

Respectfully submitted,

John T. Pienkos
